Quotes about Mothers to Make You Smile:

When your Mother asks, 'Do you want a piece of advice?' It is a mere formality. It doesn't matter if you answer yes or no. You're going to get it anyway.

God can't always be everywhere; and so, invented mothers.

There's no way to be a perfect mother and a million ways to be a good one.

A mother is a person who seeing there are only four pieces of pie for five people, promptly announces she never did care for pie.

Mothers hold their children's hands for a short while, but their hearts forever.

Mother is a verb. It's something you do. Not just who you are.

A mother is your first friend, your best friend, your forever friend.

Sooner or later, we all quote our mothers!

A mother's arms are more comforting than anyone else's.

A mother understands what a child does not say.
